Hydromassage

A massage designed for each specific part of your body.

Customizable massage

Adjustable water and air flow jetting, bring the perfect spa experience to where you need it most. A simple turn of the jets or air valves allows you to customize each seat.

Pulse jetting

Our bearingless pulse jets bring gentle relief to all muscle groups.

Deep foot massage

Alleviating joint and muscle pain. Our customizable foot jets help to soothe and relax.

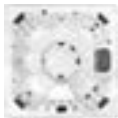

Air massage

Let this relaxing effect take hold on all parts of the body.

Different angles of jets correspond to different body parts for different massage effects. An arc-shaped design that is suitable for the relaxation of the human body. It also acts as a massage while allowing you to enjoy leisure and entertainment in the water.
